

Appendix "Declaration on the Use of Generative AI"

In the creation of this academic paper, I have used the following system(s)¹ based on artificial intelligence (AI):

1. GPT-5.5 (Codex & ChatGPT)

I also declare that I

- ☒ have actively informed myself about the capabilities and limitations of the AI systems listed above,
- ☒ have marked the passages which I have incorporated into the academic paper from the AI systems listed above,
- ☒ have verified that the content generated by the above-mentioned AI systems and adopted by me is factually correct,
- ☒ am aware that as the author of this academic paper, I bear the responsibility for the statements and assertions made in it.

I have used the aforementioned AI systems as outlined below.

Design Step	AI System(s) Used	Description of Usage
Generation of ideas and conception of academic paper	GPT-5.5	Brainstorming topic framing, outline and argument structure
Literature search	GPT-5.5	Support in identifying relevant search terms, papers, and research streams.
Literature analysis	GPT-5.5	Support in summarizing, comparing, and positioning literature.
Literature management and citation management	-	-

¹ If you are unsure whether you need to list a given AI system, please contact your examiner.

Selection of methods and models	GPT-5.5	Discussion of suitable simulation design, variables, and regression models.
Data collection and analysis	GPT-5.5	Support in planning analyses
Generation of codes	GPT-5.5	Support in coding, debugging, and documenting analysis/simulation code.
Creation of visualizations	GPT-5.5	Support in brainstorming and designing figures and tables.
Interpretation and validation	GPT-5.5	Discussion of results, robustness, limitations, and cautious interpretation.
Structuring the text	GPT-5.5	Support in organizing chapters, sections, and appendix structure.
Formulating the text	GPT-5.5	Support in drafting and improving academic wording.
Translating the text	GPT-5.5	Support in translating abstract between English and German.
Editing of the text	GPT-5.5	Language editing, clarity improvements, and consistency checks.
Preparing a presentation of the text	GPT-5.5	Support in brainstorming structure and storytelling.
